IC Pay Rate

Service	Rate	Per
High Mile Run > 5 mi	\$1.42	mile one way
Local Lab or Pharmaceutical (ask if unsure)	\$10	Job
Night	+\$25	Job
Heavy weight - Rare	+\$0.05 per pound	>50 lbs (rare)
Wait time - must call in at start and stop time. Pay starts at 15 min on site.	+\$25	Hour

All mileage is from origin to destination. However, occasionally customers have us provide services out of the area. If both origin and destination are more than 20 miles from our office AND increase the total round trip mileage for the driver then mileage from our office to the origin will also be paid.

For drivers providing daily service in specific areas we will negotiate additional stop rates based on your area and our needs.

Large items or special requests - discussed at the time of the order.

Pay is every two weeks. You get paid on Friday for the previous 2 week period that concluded on the previous Friday.

Through OnTime all jobs assigned to you will auto-rate to the above pay. Night work could be the only exception, if you accept a job leaving between 10pm and 6am please remind our dispatchers to put in the AFTER HOURS PAY. That way we'll be sure to get it included. It's a manual addition so they may need reminding.

To register for payment there are two options. The long-term option for steady work is the Open Force Link Below. For just a gig or two to test things out we can pay by E-check directly to your email address on file.
